HIV/AIDS Related Services: <b>The Pediatric HIV Program serves the medical and social work needs of infants, children and adolescents exposed to or infected with HIV in Monroe County and the surrounding 10-12 county area. Collaborative case management is also provided for HIV infected pregnant women in order to reduce transmission of HIV from mother to child. In addition to medical care, a variety of family and child centered assistance is provided, including emergency funds for shelter and household necessities for HIV infected families. The program is actively involved in medical research to find better means of treating and preventing HIV and related opportunistic infections.</b>
