Minutes

10/23/08

Present: Lisette Castro, Maria Dominguez

Excused: Sady Fischer, Judy Sauer, Jenna Weintraub, Anita Marrero

Staff: Nora Rowland

Review of Minutes:

Minutes were tabled to be reviewed in November's meeting.

Latino AIDS Awareness Day

We tested a total of 43 students with one false positive. Many of the students were first testers and we also had a number of repeat testers. Some testers also were medium to high risk individuals.

Even though the enrollment at MCC is up, the student turnout was low. MCC assisted in circulating emails and posters, but many students we talked to were unaware that a testing event was happening today.

We also noticed that many agencies were not at this health fair. Our hope for next year is to get more agencies to participate in this important event.

Overall, we did bring Rays of Hope with us that included compassion, awareness, and education about HIV/AIDS.

Next Meeting: Thursday, November 20 at 9:30 am at AIDS Rochester.
